Utah PRISM Project and ICD-10 Overview Medical Care Advisory Committee (MCAC) 3/19/2015

Presented By:

The Division of Medicaid and Health Financing,

Utah PRISM Project

PRISM Project Phases

- **Design, Development, and Implementation**
  - March 2013 to March 2017

  - **Four Releases**
    - Release 1 (New Medicaid Website and Eligibility Lookup Tool)
      - Completed March 30, 2014
    - Release 2 (HealthBeat)
      - Completed August 1, 2014
    - Release 3 (Provider Portal and Enrollment, eMIPP, Provider Credentialing Service)
      - December 2015
    - Release 4 (Remaining MMIS)
      - March 2017
- **Certification**
  - March 2017 to February 2018

- **Knowledge Transfer**
  - March 2018 to February 2019

PRISM Release 3 – eMIPP, Provider Enrollment, and Provider Credentialing Services

eMIPP supports federal incentive payment programs to encourage providers and hospitals to adopt, implement, or upgrade certified electronic health record technology and use it in a meaningful manner.

The Health Information Technology (HIT) program processes are already automated and eMIPP provides improvements.

UTAH DEPARTMENT OF HEALTH

The Provider Portal houses data to manage and maintain the status of all providers paid through and/or reporting services rendered to Medicaid members.
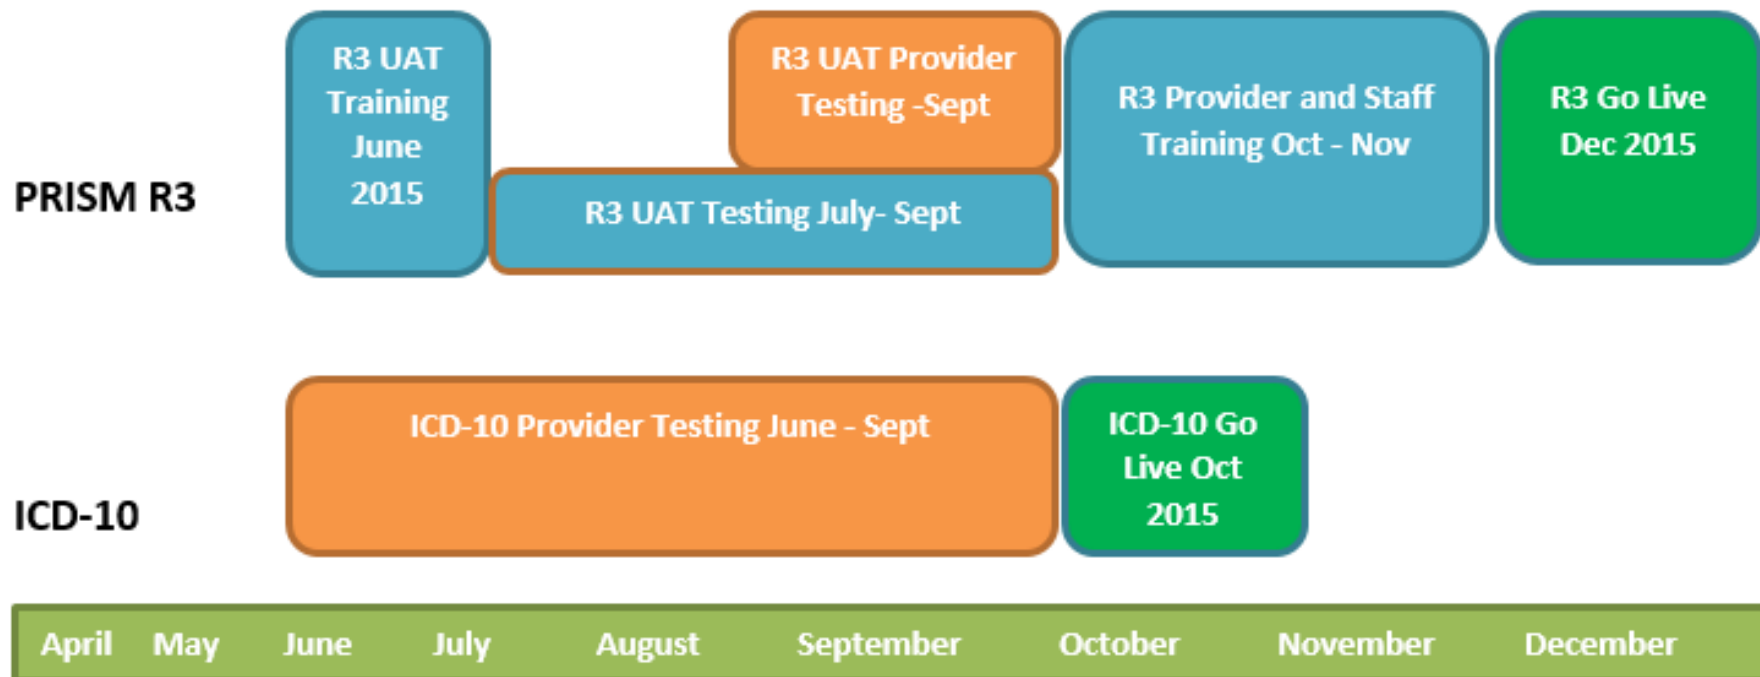

Release 3
- Improves existing manual enrollment processes and gains efficiencies through automation of business processes and web-enabled provider interactions with Medicaid processes.
- Provider re-credentialing is an added feature that allows providers to update their Medicaid information via online submission and automates checks to validate provider supplied information.
- Kofax is a document management software for digital images and allows scanned documents to be indexed and retrieved for system users during the credentialing processes.

Provider Credentialing Services (PCS) provides a real-time one-stop provider credentialing solution for complying with the ACA Provider Enrollment Screening requirement.

- Comprises of pre and post-enrollment screening processes.
- Available in real-time for the provider enrollment specialist to review and make appropriate decisions.
- Provides improved automation and reduced manual intervention.
- Performs periodic screening of providers and applies the business rules defined by the State.

PRISM Release 3 and ICD-10 Implementation Timeline

UTAH DEPARTMENT OF HEALTH

Implementation Timeline and Summary of Activities

PRISM R3

- R3 UAT Training June 2015
- R3 UAT Testing July- Sept
- R3 UAT Provider Testing –Sept
- R3 Provider and Staff Training Oct – Nov
- R3 Go Live Dec 2015

ICD-10

- ICD-10 Provider Testing June – Sept
- ICD-10 Go Live Oct 2015

| April | May | June | July | August | September | October | November | December |

User Acceptance Testing (UAT)

- UAT will begin in early July and continue through September 2015
- 4 weeks of External Provider testing will be in September 2015
    1) Estimated to be part of one day during September
    2) We will be asking providers to do one or more of the following with system testing:
        a) Verify their converted provider data
        b) Make any needed modification to their data
        c) Enroll their data

(We don't anticipate any of these areas taking more than two hours to complete.)

Outreach

- MIB Article in February introducing R3 functionality, PRISM webpages, and prism@utah.gov email
- Plans to attend meetings in March and April to solicit providers to participate in training material review and testing:
  - March 17 : Quarterly Nursing Home Association Meeting, 2:00 - 4:00 PM, Cannon, room 336
  - March 19: MCAC, 1:00 - 2:30
  - April 9: State Medicaid Drug Utilization Review Board (DURB), 7:00 - 8:00 AM, Cannon
  - April 16: Pharmacy & Therapeutics (P&T) Committee: 7:00 - 8:30 AM, Cannon

Outreach

- Provider review of training materials in June and July 2015
- Provider testing in September 2015
- Update R3 messages on the PRISM webpages
- Statewide Provider Training
- July MIB article
- October MIB article

Training

- Training delivered to providers October and November 2015
- Most provider training will be web based, accessed from our PRISM webpages

ICD–10

ICD-10 is the 10th revision of the International Statistical Classification of Diseases and Related Health Problems (ICD), a medical classification list by the World Health Organization (WHO).

- DMHF is on target to process claims for the October 1, 2015 ICD-10 deadline
- System testing will occur June – September
- An ICD-10 article has been included in the April MIB

Provider participation is requested for:

- **Assistance with System Testing**
    - Estimated to be June through September 2015 for ICD-10
    - Estimated to be September 2015 for PRISM Release 3

- **Input into Messaging**
    - Ideas on how to word messages to providers
    - Where the messages should be delivered (e.g., MIB article, other?)
    - April – November, Intermittently

- **Material Review**
    - MIB articles, training materials, etc.
    - April – November, Intermittently

If interested in participating, contact:

PRISM Release 3
Email: prism@utah.gov

ICD-10
Email: utahmedicaidicd10@utah.gov

Participation will be greatly appreciated & beneficial to the implementation of the new systems
